

Easily Manage All of Your Payments

MerchantConnect is an online reporting tool that helps you manage your payment transactions and monitor your account. View online statements, recent deposits, transaction history, chargebacks and more, as well as compare your sales performance with similar companies.

We're Your Security Team

Let us help protect your business and customers against fraud. We help you guard your reputation and maintain PCI compliance, ensuring you securely manage customer cardholder information.

Exceptional Service & Support You Can Count On

Experienced customer support teams are available around the clock to assist you with your payment needs. You will be provided with recommendations for the products and services that best fit your business and how to best integrate these into your existing systems. From the front-line help desk to back-end technical support and voice authorization services, NTCA CardPro's work is defined by going the extra mile.

Already accepting credit cards?

Let us give your account a thorough check up!

A Valuable Partnership

NTCA CardPro (formerly OPASTCARD) is a credit card processing discount program for NTCA members. Through our partnership with CoBank*, this program allows members to have an easy, secure and affordable option for processing credit card transactions. With personalized rates and support, NTCA CardPro is a smart solution for your business.

Let's Talk.

Serving customers is your business.

Making that job a little easier is ours.

NTCA CardPro: Payments Made Easy

Today, customers want you to accept payments in many ways—mobile, online, over the phone, or contactless. In addition to keeping up with new ways to pay, you have to keep customer information safe along the way. It can be very expensive and confusing, but not anymore.

Choosing the Right Payments Partner

Every day, all across the U.S. CoBank's strategic alliance partner, Elavon, is helping businesses sell to their customers. Accepting payments is complicated; Elavon has been doing it for nearly 25 years for businesses of all sizes. If you need help understanding payment technology and security, they can help.

Easy, Affordable Payment Services

Whether you are looking for an innovative wireless or mobile solution, or you require a more traditional internet or dial connection; we offer you the latest in secure, user friendly payment processing technologies to help you accept more payments from more customers. It's that easy with NTCA CardPro.

Turn Your Phone or Tablet into Your Next Cash Register

Accept payments wherever you go with Converge Mobile available for most iPhone®, iPad®, and Android™ devices. It's easy to set up your account.

Accept All Kinds of Card Payments

Take Visa®, MasterCard®, American Express®, Discover® Network, as well as debit brands.

Pricing Plan

The plan is based on transaction pricing and offers next day funding and no cancellation fees. The pricing structure is competitive within the merchant services market and the best way to find your pricing is to request a non-binding quote.

Take Payments from Your Computer

Accept payments on your computer with Converge, a complete, hosted payment solution for face-to-face, mail order/telephone order and e-commerce transactions.

Next Generation Payment Terminals

From mobile and contactless, to terminals capable of accepting EMV, we've got you covered. We offer the latest in payment processing technology to ensure you securely accept more payment types.

Additional Services

Accept Paper Checks Like Credit Cards

Electronic Check Service (ECS) turns paper checks into safe, efficient electronic transactions, dramatically reducing your risks associated with accepting checks.

Electronic Gift Card (EGC):

The EGC program encourages repeat business, attracts new customers and increases sales. Create your own customized gift cards.

**Easily and securely
accept more payments
from more customers.**
